

WaterSentinel®

WS-UV3LCV THREE STAGE ULTRA-VIOLET WATER FILTRATION SYSTEM

WS-UV3LCV:

5 Micron Sediment Filter	Sand, Silt and Rust reduction
UV Water Purifier Filter	Microorganism reduction
Carbon Block LCV Filter	High Capacity 0.5 Micron Lead, Cyst, VOC, Chlorine Taste and Odor Reduction

Our three stage WaterSentinel® WS-UV3LCV system is designed to provide clean, clear, crisp drinking water for your whole family. Its compact under-counter design allows for simple installation where space is limited, while holding all the power to deliver fresh, great-tasting water straight to you for your enjoyment.

The WaterSentinel® WS-UV3LCV includes three stages of comprehensive water filtration, including a high capacity 5 Micron Sediment Filter which removes sand, silt, sediment, rust and other suspended particles. Stage two is a powerful Ultra-Violet (UV) lamp, providing bacteriological protection, followed by our stage three LCV Carbon Block for the reduction of lead, Cryptosporidium, Toxoplasma, Giardia, Entamoeba, as well as a long list of Volatile Organic Chemicals including herbicides, insecticides, pesticides, disinfection by products and more (see performance data sheet for complete list of VOC's). This system also reduces chlorine taste and odor from your drinking water for your enjoyment.

The WaterSentinel® WS-UV3LCV 3 Stage System includes a unique clear housing around the sediment filter which makes it a breeze to know when to replace the filter. The WaterSentinel® 3 Stage Ultra Violet System includes all hardware necessary for standard installation, including the System Module, filters, High-Quality Chrome Faucet, Adapt-A-Valve and tubing. Simple to install and maintain, the WaterSentinel® 3 Stage Ultra Violet System will deliver fresh, great-tasting water for drinking and cooking to you and your family.

KEY FEATURES:

- Ultra-Violet Filter
- High Capacity 5 Micron Sediment Filter
- High Capacity 0.5 Micron Lead, Cyst and VOC Carbon Block Filter
- Lead Free Chrome Faucet
- Reduces Sand, Silt, Sediment, Rust, Chlorine taste and odor
- Quick Connect Fittings for Easy Installation and Maintenance
- NSF Components
- US based Customer Service
- Assembled in Temecula, CA, USA

Manufactured by: Aquamor, LLC. Temecula, CA.
